Attorney-General Marshall's Reply to Hon. T. E. Jones:

OFFICE OF THE ATTORNEY-GENERAL OF THE STATE OF CALIFORNIA, SAN FRANCISCO, March 18, 1884.

HON. T. E. JONES—MY DEAR SIR: I have just received your letter of 15th. Dr. MacLennan has wonderful power. God only knows what it is: Galvanism, Magnetism, Electricity or Spiritualism; I do not know what! But he was of great and singular service to me. I would certainly try him if I were in your place. He has worked some wonderful cures within my knowledge. I do not pretend to understand the force he uses, nor do I think he is useful in every case, but in Nervous Depression, or Exhaustion, or any Nervous Affection, including Paralysis, I think he is very effective. Respectfully, E. C. MARSHALL.

Charles Crocker, the railroad millionaire, cured of rheumatism in three treatments.

Prof. D. Gonzalez was given up by his physician to die of Sapped Vitality and Paralysis; was carried perfectly helpless to Dr. MacLenan and cured—now says: "In less than one month I was enabled to resume my occupation as Professor of Music and Violinist at the Tivoli Opera House, and ever since (for over three years) have continued in good health, without the slightest return of my weakness or disease."

Dr. Henry Slade says: "My case was considered incurable by the best physicians, but Dr. MacLennan restored me the full use of my limbs in less than twenty minutes, being paralyzed for over four months."

Dr. J. Wumhurst, M. D., M. R. C. S., now at Abbotsford House, says: "My hearing is completely restored by Dr. MacLennan's manipulation alone."

Rev. A. C. Giles, Mendocino, Cal., says: "The effect which your treatment had on me is truly wonderful. Altogether, I feel like a new man."

Dr. J. L. Wilber, the noteddentist, 18 Third street, says: "I would not now be here had it not been for Dr. Mac."

Rev. Thomas S. Griffith, Nortonville, writes: "I am much pleased at the sudden change

Dr. C. E. Davis, St. Helena, Cal., cured of Nervous Prostration, says: "After four days' eatment I was entirely relieved. I have now got a good appetite and feel well."

Miss Emma James, San Leandro, Cal., for six years a crippled invalid, unable to stand or walk, given up by over a dozen doctors, took two weeks' treatment of Dr. MacLennan and re-

Blaine's Movements.

Columbus (0.), October 13th.—Mr. Blaine left Lancaster allittle after for Toledo, via Columbus. Just as he started, a train going down the Hocking Valley, carrying Mr. Hendricks, the Democratic caudidate for Vice-President arrived at Lancaster. The crowd at the depot cheered Mr. Hendricks when he appeared on the rear platform, and he returned thanks in a very brief speech, in the course of which he said:

"If Ohio to-morrow shall support the Democratic cause, the fight is over, but if Ohio to-morrow shall not do that, then in Indiana and in other States the fight is over, but if Ohio to-morrow shall not do that, then in Indiana and in other States the fight is to the death."

At Columbus ex-Governor Foster, Chairman Ogilvec, of the Republican State Committee, and ex-Commissioner Dudley boarded Mr. Blaine's car. There was a stop here of over an hour, but the car was left on the outskirts of the city, and did not go into the depot at all.

The ground at the place he fell shelves rapidly, and he could not see the precipice below. I could see plainly the place where he had slipped. There was a tree about ten or fifteen vards below and his rifle had caught upon it. It was on the very edge of the precipice. I should like you to make it clear that his death was not caused in any way by carelessness. The place was simply a trap and he fell into it. I have no doubt he was trying to get back to the place where he had left his horse, about 200 yards away."

IT IS NO ANSWER.

Officials of the Republican State Central Committee reply to the complaint that the interior campaign meetings are announced chiefly in San Francisco journals, that San Francisco contributes all the campaign funds the committee handles; that the interior gives nothing; therefore the money for advertising is disbursed in San Francisco and will continue to be. Obviously this is no answer. Why should the committee then expend the money for advertising at all? Did San Francisco Republians contribute money to the committee to be simply expended among and to subsidize the San Francisco press? To the thinking it would appear that the purpose for which money is given the committee i to advance the campaign and increase the probabilities of the success of the party in Meriden, Conn.. says: "I have used it a California. If, then, advertising is done a pleasant and cooling drink in fevers, and where it will accomplish no good, the money paid is squandered. It devolves upon the committee to show that advertising in the San Francisco Daily Bulletin a meet ing to be held in a day or two thereafter in Modoc, Mendocino or San Diego county, accomplishes the aim of advertising, i. e. the information of the largest namber of people whom it is desired shall attend the meeting. If the advertising does not compass that end, then the committee, in au- G. B. We apprehend that the Republicans of San Francisco who furnished the money did so to further the lowers of that the population practically has been strongers. interests of their party in the State, as well as in San Francisco. Efforts, therefore, made in any section of the State by aid of such contributions should be localized in every particular. Certainly the contributors to the fund never intended that it should be used as a mere patronage fund. Such a purpose is wholly foreign to the intent of the donors and the duty of the committee. We submit that the answer made is no answer, and that the conduct of a campaign on that basis does not invite Success.

THE VALUE OF OPPOSITION.

Some of the counties of the northern district have not yet taken action regarding the union of effort to promote immigration to Northern California. But steps are being taken and they will come into line very soon. In one county, however, where a meeting was called, the local press deplores the fact that there was so meager a gathering and so little interest manifested that an indefinite adjournment had to be taken. It has been suggested that in that county the lack of interest is due to the fact that there are no lands in the county to be disposed of to new settlers. But if this is the reason it is insufficient and short-sighted. A county may have no short-sighted. A county may have no vacant lands, but be even more interested than a sparsely settled one in promoting immigration to the northern part of the State, since increase of population means that the sparsely settled one in promoting immigration to the northern part of the State, since increase of population means that the sparsely settled one in promoting immigration to the northern part of the State vening. of Treasure.

San Francisco, October 12th.—J. B. Hume and Johnny Thacker, detectives of Wells, Fargo & Co., arrived this morning from Cloverdale, having in their possession \$3,690—\$1,090 in silver and the rest in gold coin—being the amount, less \$300, stolen from the Cloverdale and Mendocino stage by road agents on the 9th inst. The robbers were young men, Billy Corbett and John Dwyre by name; Corbett's family are respectable people residing in this city. He has served a term in the Industrial School. The robbers intimidated the driver of the stage and mailagent with a couple of six-shot revolvers, and made them throw off the treasure-box, and the mail-pouch. From the box, \$3.400 were taken, and \$500 from the mail. There was only one passenger, a Methodist minister from Mendocino. He was made to alight, but only \$3 were found upon him. The citizens of Anderson valley, in which the robbery took place, formed themselves into a posse and captured the young highwaymen the next day, about twenty-five miles from where the robbery occurred.
